Dear Sirs/Madams,

PROPOSED ISSUE BY LAST MILE LOGISTICS PAN EURO FINANCE DAC OF COMMERCIAL MORTGAGE BACKED FLOATING RATE NOTES (the “Issue”)

We have performed the procedures enumerated below on certain commercial mortgages-backed loans (the “Loan Pool”), which were agreed to by the Issuer and the Co-Arrangers. The procedures were performed to assist you in evaluating the validity of certain characteristics of the Loan Pool. This agreed upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the Issuer and the Co-Arrangers. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

This report (the “Asset Agreed Upon Procedures Report”) is addressed to the Board of Directors of the Issuer, and to the Co-Arrangers.

Deloitte has no responsibility for the accuracy or completeness of the information provided by or on behalf of the Issuer and the Co-Arrangers even if Deloitte had reason to know or should have known of such inaccuracy or incompleteness.

Deloitte LLP is a limited liability partnership registered in England and Wales with registered number OC303675 and its registered office at 1 New Street Square, London, EC4A 3HQ, United Kingdom.

The procedures that we performed and our findings are as follows:

1. Scope of our work and factual findings

The procedures performed were as defined in Appendix 3 of the Engagement Letter (the “Agreed Upon Procedures”).

The Issuer provided us with a data file ‘DT_PE Last Mile Logistics - Data Tape v2_for_AUP (27.05 update) v6.xlsx’ (the “First Pool Run”) containing information for 113 properties and 504 units associated with 328 tenants as at 13 May 2021 (the “Cut-off Date”). The Issuer requested that we perform the agreed upon procedures on 113 properties, and 126 units which represent 80.51% of the annual in-place rent as flagged in the First Pool Run (the “Sample”, and together with the First Pool Run, the “Sample Pool”).

We have carried out the Agreed upon Procedures on the Sample Pool during the period 11 May to 7 June 2021.

The procedures we have undertaken, set out in paragraphs 2.1 to 2.11 under the Agreed upon Procedures sections below, have been limited to confirming that the selected attribute from the Sample Pool agreed to the original loan documentation or copies thereof provided to us in the in the electronic dataroom “United EUR II Financing | Collaboration” (the “Dataroom”). We are entitled to assume that the loan documentation is correct and we have not sought to independently verify this information. The loan documentation used in these Agreed upon Procedures was the original lease agreement and amendment of lease agreement (together, the “lease agreement”, rent memorandum, invoice, deed of variation, measurement/technical DD report, the data file ‘ELI Portfolio - Acquisition dates (1).xlsx’ (the “acquisition file”), the file ‘JLL - Project United EU II - Valuation Overview - draft dd 07.06.2021 vDEL.xlsx’ and the valuation reports ‘7 - Avenida del Este - Spain.pdf’ and ‘104_Lisses_IL_FRANCE.pdf’ (together, the “valuation report”).

2. Pool agreed upon procedures

For each property and tenant in the Sample Pool we carried out the following agreed upon procedures.

For the purposes of this report, the failure of a single attribute is termed an error.

2.1 Property asset name

For each property in the Sample Pool, we confirmed whether the property asset name agreed to that shown on the lease agreement or valuation report. We found that the property asset name agreed to the lease agreement or valuation report, with no exception.

2.2 Property address

We were instructed that this procedure should not include agreeing the postcode if other segments of the property address were sufficient to substantially agree the property address. In cases where the property asset name is the same as the property address in the Sample Pool and this was agreed to the valuation report, this was not deemed to be an error.

For each property in the Sample Pool, we confirmed whether the property address substantially agreed to that shown on the lease agreement or valuation report. We found that the property address substantially agreed to the lease agreement or valuation report, with no exception.

2.3 Property market value

For the purposes of the following test, we used a currency exchange rate of EUR/DKK = 0.13447763 to
